

Alumni

The College of Science and Technology is very proud of its students, faculty, alumni, and corporate sponsors. We are also pleased with our progress as we continue to contain costs while enhancing the quality of our educational experiences.

Your support is invaluable

As we look forward, there are several opportunities and major financial challenges ahead. We must continue to recruit and retain top-ranked faculty, attract the best and brightest students, keep pace with the ever-changing face of technology, and maintain high quality facilities for our teaching and research.

The alumni, benefactors, and friends are an indispensable part of our past, present, and future. Please consider joining the [CMU Alumni Association](#) as a gold member. We thank you for your continued support!

Members mark your calendars!

The next meeting of the CST Alumni Advisory Board is scheduled for **Saturday, April 12, 2008 at 9:00 AM** in Room 112 of the Engineering and Technology Building.

The purpose of the CST Alumni Advisory Board is to advise the College of Science and Technology on matters bearing on the activities of the college, including its educational programming.

The Board assists CST with building and maintaining strong ties with regional industries, businesses, civic agencies and organizations. It also helps with promoting CST's mission to local, state and federal entities.

In addition, the CST Alumni Advisory Board advises and assists with building and maintaining an effective development effort to support the programs and initiatives of the College of Science and Technology.

Homecoming Weekend

[◀ Back to top](#)

Homecoming weekend is a great occasion to refresh your college memories, renew friendships, and introduce your family to Central Michigan University. Homecoming weekend activities include a parade, pep rally, pregame luncheon, Chippewa football game, campus walking tour, and special entertainment.

Don't forget to stop by the College of Science and Technology alumni tent for some mouth-watering traditions including burgers and brats and the annual world famous Chili Cook-Off. Then stick around to watch the always-exciting cardboard boat race!

► Cardboard Boat Race

The Department of Engineering and Technology's annual Cardboard Boat Race has become a homecoming tradition at CMU as students race across the Rose Ponds in cardboard boats they've engineered and built.
